Headshot Addendum

Headshots are not fun for anyone. The Stonewall Sports Richmond Board has voted to add an Addendum to the rules of Dodgeball that puts the responsibility on the player throwing the ball.

- If a player hits an opposing player in the head/face while the other person is standing up and not ducking the following rules will apply:
 - **1st time** - Player that threw the ball is out (must go to the end of the out line)
 - **2nd time** - Player is out for the rest of the current game (ie: cannot get back in)
 - **3rd time** - Player will be out of the current game and will not be able to play in another game during that match.
